

FEUP-AED-project/Slot.cpp

```
graph TD; SlotCpp[FEUP-AED-project/Slot.cpp] --> SlotH[Slot.h]; SlotCpp --> map[map]; SlotH --> string[string];
```

The diagram illustrates the dependencies of the file FEUP-AED-project/Slot.cpp. It is represented as a root node in a gray box at the top. Two blue arrows point downwards from this root to two child nodes: Slot.h (a white box with a black border) and map (a gray box). From the Slot.h node, a third blue arrow points downwards to a final node, string (a gray box).

Slot.h

map
