

FEUP-AED-project/Student.cpp

```
graph TD; A[FEUP-AED-project/Student.cpp] --> B[Student.h]; B --> C[string];
```

The diagram illustrates a vertical flow of dependencies or relationships. It starts with a gray rectangular box at the top containing the text 'FEUP-AED-project/Student.cpp'. A blue arrow points downwards from this box to a white rectangular box in the middle containing the text 'Student.h'. Another blue arrow points downwards from the 'Student.h' box to a gray rectangular box at the bottom containing the text 'string'.

Student.h

string
